Choolaimedu, Chennai

EDUCATION

St. Joseph's College Of Engineering

Bachelor Of Technology in Information Technology (CGPA of 9.07)

August 2020 - Jun 2024

Chennai, India

Union Christian School

Higher Secondary Certificate (Scored 78.1 %)

2019 - 2020

Chennai, India

TECHNICAL SKILLS

Languages : Java - 5 ★ C - 4 ★ JavaScript - 5 ★ MySQL - 4 ★ HTML/ CSS - 5 ★ C++ - 4 ★

Technologies / Frameworks / Libraries : Node Js, React Js, Google's Firebase, Tailwind CSS

PROJECTS

SocioPedia | MERN, React Persist, JWT, Multer, Redux |

- Engineered "SocioPedia," a MERN stack social media application enabling users to securely log in, post content, and interact with an intuitive and responsive UI.
- Implemented robust authentication using JWT, enhancing platform security and ensuring safe data transactions.
- Optimized performance and user experience by 15% through proficient integration of Redux for streamlined state management and React Router for seamless navigation

Project Link : <https://social-media-app-client.vercel.app>

WhatsApp Clone | Next JS, Firebase Auth, Firestore DB, Tailwind Css |

- Engineered a secure WhatsApp clone leveraging Next.js, seamlessly integrating Firebase's Google Authentication for a seamless and secure login experience.
- Enabled efficient communication through email IDs by retrieving chat and user login data from the database, ensuring an enhanced user experience.
- Utilized Styled Components for rapid and clean code development

Project Link : whatsapp-clone-nextjs.vercel.app

Multiplayer Tic-Tac-Toe with Real-Time Chat | React JS, Stream, Node JS, Express JS, Bcrypt |

- Developed a dynamic TikTacToe app with ReactJS, integrating Stream for real-time chat functionality, boosting user engagement by 25%.
- Implemented secure user authentication and authorization using unique tokens from cookies and hashed passwords with bcrypt, enhancing application security.

ACHIEVEMENTS & CERTIFICATIONS

- Solved 300+ DSA Problems across the platforms and Leetcode Contest
- NIIT Core Java Certification and Advanced Java Certification Completed with overall score of 86 %.
- Online FIR Registration App Hackathon - Developed the BackEnd Data Storage and Authentication using MySQL, Node Js and Express Js.
- Smart India Hachathon Graphical Password Authentication - Worked on the User Interface and Login Authentication using React Js, Node Js and Mongo DB | Qualified in the top 50 teams
- Directed event planning and execution for the intra-college symposium, in an event called TechFlix.
